Paul, not complete but this is as far as I am. The EPA details are as best I can find them. There is info on Monsanto email addresses, but I haven't had time to spell them all out in a list. I'll get to it when I can, or if you have the time, go ahead: it is route work. Peter

PS – Apparently this whole Monsanto – EPA secret cabal thing is a crazy internet conspiracy theory that's been going around for years. What a loony tunes FOIA!
